View formatting symbols and layout guides in Pages on Mac. Formatting symbols (called invisibles) like the ones shown below are added every time you press the Space bar, Tab or Return, and when you add a column break, page break or section break. By default, you can't see them, but you can turn them on to see where formatting changes have been applied.

Use alignment guides in Pages on Mac. Use alignment and spacing guides to help you place objects precisely. When guides are turned on, they appear as you drag an object on a page in alignment with, or equidistant to, another object. You can turn the guides off and on as needed. You can also add your own horizontal or vertical alignment guides and place them anywhere on a page.
