## Audi TT Free Workshop and Repair Manuals

Since Audi cars share most of their components, it was possible to install RNS-D or RNS-E. In some cases, additional modules were needed to achieve full functionality. Reverse Camera. The RNS-E is designed to receive and display a video signal from a reverse camera in both the Audi TT MK2 Coupe and Roadster.

The installation of the RNS-E is pretty straight forward once the double DIN cage is in place. For cars not factory equipped with navigation, one needs to install a GPS antenna. The following pictures will aid in this installation, and shows all of the connectors to the RNS-E unit. Use your key to remove the side panel on the driver's side.
