This second edition of the Oxford Latin Course combines the best features of both modern and traditional methods of Latin teaching from first stages to GCSE. Completely revised and restructured in the light of a nationwide survey of Classics teachers, it provides an exciting, stimulating approach to Latin based on the reading of original texts. Parts I-III are built around a narrative detailing the life of Horace, based closely on historical sources, which helps students to develop an understanding of the times of Cicero and Augustus.

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

College Algebra provides a comprehensive exploration of algebraic principles and meets scope and sequence requirements for a typical introductory algebra course. The modular approach and richness of content ensure that the book meets the needs of a variety of courses. The text and images in this textbook are grayscale.

On that night he was driven out to the street, Ritsuya met his eternal admiration, Mayato. It was just a short meeting, but these two boys in pain finally found the best comfort on each other, sealing their bond for the years after. But, how would they survive in the world of irresponsible adults? "Matching our Answers" is a modern BL with a taste of classic unfortunate children folk tales that resolves on the idea of love and pain...
