Pencil Video Tutorial. It didn't take me long after I started using colored pencils to realize that the colors you saw on the paper were not always the colors of the outside of the pencil itself. I knew if I was going to keep myself from getting frustrated I would need a way to tell at a glance what color I was ...

A color chart is a piece of paper or card that has color swatches or samples of the colors that are part of a set of coloring media: colored pencils, pens, markers, etc. The chart is often arranged in a grid with one square per color. Each color usually has an identifier, usually a name or a number or both, printed near to the color sample.

In addition to the Prismacolor charts, I have made three generic charts that you can use with any colored pencils including Faber-Castel Polychromos, Crayolas, or even your gel pens and markers. I also filmed a video full of tips on how to use these charts and a demonstration of me using them. I'd love to see your color-filled swatch charts!
