NEW YORK TIMES BESTSELLER! Part how-to, part girl-empowerment, and all fun, from the leader of the movement championed by Sheryl Sandberg, Malala Yousafzai, and John Legend. Since 2012, the organization Girls Who Code has taught computing skills to and inspired over 40,000 girls across America. Now its founder, and author *Brave Not Perfect*, Reshma Saujani, wants to inspire you to be a girl who codes! Bursting with dynamic artwork, down-to-earth explanations of coding principles, and real-life stories of girls and women working at places like Pixar and NASA, this graphically animated book shows what a huge role computer science plays in our lives and how much fun it can be. No matter your interest—sports, the arts, baking, student government, social justice—coding can help you do what you love and make your dreams come true. Whether you're a girl who's never coded before, a girl who codes, or a parent raising one, this entertaining book, printed in bold two-color and featuring art on every page, will have you itching to create your own apps, games, and robots to make the world a better place.

Always in the spotlight, always controversial, this is the story of a football great forced to confront his demons. From his career highs to personal lows and the media storms that have surrounded them, rendan Fevola opens up for the first time about his time as n AFL great and his controversial offfield antics. A guaranteed best-seller at Father's Day, *Fev: In My Own Words* is a no-holds arred look t a lifetime in sport and in the public eye, and the difficulties that can come with it. rendan Fevola was 17 years old when he as drafted by the Carlton Football Club. Less than a year Later, he played his first senior game in front of more than 50,000 people. Despite the Blues' slide down the ladder and Fev's difficult relationship with one of his first coaches, Wayne Brittain, his extraordinary goal-kicking skills and the mentorship of later coach Denis Pagan saw him become one of the best full-forwards in AFL history and winner of two Coleman Medals. Off-field controversies overshadowed Fev's on-field brilliance and saw him traded to the Brisbane Football Club for the 2010 season before being sacked by the Lions in February 2011. Life continued to unravel with his gambling addiction leading to mounting debts, marriage breakdown, depression and thoughts of suicide. This is a personal and ultimately positive story of Fev's life in football, the ups and downs both onfield and off, and his hopes for the future. It includes an inside look at life at the Blues and the Lions as a player, as well as intimate insights into Brendan's experience of family, gambling and depression.

In his first complete text on the ADKAR model, Jeff Hiatt explains the origin of the model and explores what drives each building block of ADKAR. Learn how to build awareness, create desire, develop knowledge, foster ability and reinforce changes in your organization. The ADKAR Model is changing how we think about managing the people side of change, and provides a powerful foundation to help you succeed at change. After more than 14 years of research with corporate change, the ADKAR model has emerged as a holistic approach that brings together the collection of change management work into a simple, results oriented model. This model ties together all aspects of change management including readiness assessments, sponsorship, communications, coaching, training and resistance management. All of these activities are placed into a framework that is oriented on the required phases for realizing change with individuals and the organization. The ADKAR perspective can help you develop a new lens through which to observe and influence change. You may be working for change in your public school system or in a small

city council. You may be sponsoring change in your department at work. You may be observing large changes that are being attempted at the highest levels of government or you may be leading an enterprise-wide change initiative. The perspective enabled by the ADKAR model allows you to view change in a new way. You can begin to see the barrier points and understand the levers that can move your changes forward. ADKAR allows you to understand why some changes succeed while others fail. Most importantly, ADKAR can help your changes be a success. Based on research with more than 900 companies from 59 countries, ADKAR is a simple and holistic way to manage change.

From Egypt to India, and from Botswana to London, worker, youth and middle class rebellions have taken on the political and bureaucratic status quo. When most people can no longer earn a decent wage, they pit themselves against the privilege of small, wealthy and often corrupt elites. A remarkable feature of the protests from the Arab Spring onwards has been the salience of images, songs, videos, humour, satire and dramatic performances. This collection explores the central role the aesthetic played in energising the massive mobilisations of young people, the disaffected, the middle classes and the apolitical silent majority. Discover how it fuelled solidarities and alliances among democrats, workers, trade unions, civil rights activists and opposition parties.

Portfolio Theory and Management examines the foundations of portfolio management with the contributions of financial pioneers up to the latest trends. The book discusses portfolio theory and management both before and after the 2007-2008 financial crisis. It takes a global focus by highlighting cross-country differences and practices.

This book presents a collection of papers on clusivity, a newly coined term for the inclusive-exclusive distinction. Clusivity is a widespread feature familiar from descriptive grammars and frequently figuring in typological schemes and diachronic scenarios. However, no comprehensive exploration of it has been available so far. This book is intended to make the first step towards a better understanding of the inclusive-exclusive opposition, by documenting the current linguistic knowledge on the topic. The issues discussed include the categorial and paradigmatic status of the opposition, its geographical distribution, realization in free vs bound pronouns, inclusive imperatives, clusivity in the 2nd person, honorific uses of the distinction, etc. These case studies are complemented by the analysis of the opposition in American Sign Language as opposed to spoken languages. In-depth areal and family surveys of clusivity consider this opposition in Austronesian, Tibeto-Burman, central-western South American, Turkic languages, and in Moseitan and Shuswap.

An internationally renowned self-help speaker draws on his research and teachings to outline an inspiring plan for fulfilling goals and dreams, explaining how to identify one's most meaningful values while aligning priorities to promote loving relationships, a fulfilling career, financial autonomy and a rich spiritual life. Original. 75,000 first printing.

A longer-range purpose is to collect comparable information on as many polities as possible in order to facilitate the development of a richer theory to guide language policy and planning in other polities that undertake the development of a national policy on languages. This volume is part of an areal series which is committed to providing descriptions of language planning and policy in countries around the world."--BOOK JACKET.
