The industry validated Project Management Maturity Model developed by Dr. Harold Kerzner—updated and expanded Using the Project Management Maturity Model offers assessment tools for organizations of all sizes to evaluate their progress in effectively integrating project management along the maturity curve. This Third Edition includes maturity metrics, examples of Project Management Maturity Model (PMMM) reports, a new chapter on the characteristics of effective PMMM, assessment questions that align with the PMBOK® Guide—Sixth Edition, all-new illustrations that define advanced levels of maturity, assessment tools for organizations using traditional PM methods, and detailed guidance for organizations using Agile and Scrum. Using the Project Management Maturity Model: Strategic Planning for Project Management, Third Edition is broken down into three major parts. The first part discusses the principles of strategic planning and how it relates to project management, the definition of project management maturity, and the need for customization. The second part details the Project Management Maturity Model (PMMM), which provides organizations with general guidance on how to perform strategic planning for project management. The third part of the book looks at some relatively new concepts in project management such as how assessments can be made to measure the firm ' s growth using PM 2.0 and PM 3.0. Features customizable maturity model assessment tools for organizations of all sizes Includes assessment questions updated to line up with PMBOK® Guide—6th Edition Offers detailed guidance on applying the maturity model for Agile and Scrum Includes PowerPoint decks to aid in teaching the maturity model Using the Project Management Maturity Model: Strategic Planning for Project Management, Third Edition is an ideal book for senior level and middle level corporate managers, project and team managers, engineers, project team members, and business consultants. It also benefits both business and engineering students in courses on advanced project management.

For 21st Century Educators – The New Rules Of Student Engagement Today ' s classroom demands teacher innovation and rejection of outdated practices, especially when someone tells you it ' s " always been done " a certain way. In this book, Josh Stumpenhorst details his methods for improving student outcomes with unorthodox thinking. Content includes: Building relationships built on trust and respect, not fear and punishment Why you need to rethink homework and letter grades, which—in their current forms—are harming learning How to leverage technology by not treating it as a " shiny toy " , but rather fully understanding their power as tools for massive progress

Learn, reflect, and grow from 40 true stories of caring school leadership during times of crisis Each crisis brings its own issues and unique traumas, and when they happen, most leaders handle the moment by leaning into triage and logistics. This book suggests focusing on more—specifically, on the people they serve. Are you up to the task? These 40 real stories, from a wide range of schools and settings during many types of crises, show how caring school leadership adopted caring people-first strategies. This book will help you and your teams be inspired to prepare for, perhaps prevent, respond to, and recover from your own school crises. Within these pages, you will find: An introduction to what crisis and caring school leadership means Helpful lists to guide caring leadership practices A review of current crisis management literature Questions, reflection, and prompts to engage with story learnings Prepare now to be the concerned, caring, and constant leader your school will need when crises come as well as making your leadership and school more caring when those same crises subside.

An integrated, comprehensive approach to positive behavioral supports and interventions This book provides a pragmatic, easy-to-follow blueprint for Positive Behavior Support Systems (PBSS) implementation that integrates academics, instruction, and achievement with discipline, behavior management, and student self-management.
