You probably bought your TiVo so that you would never have to miss another baseball game, soap opera or Thursday night sitcom again. It's great at what it does and is much friendlier than your VCR. But did you know that your TiVo is capable of so much more than recording your favorite programs? That is why Leo Laporte, a top voice in consumer technology, and Gareth Branwyn, of Wired magazine, got together to bring you Leo Laporte's Guide to TiVo, a fun, light-hearted and in-depth look at TiVo and all that it is capable of. In this easy-to-follow guide, you will learn remote control trickery, how to upgrade your TiVo hardware, how to add a CallerID display to your television and how to add web capabilities. Take control of your television destiny with Leo Laporte's Guide to TiVo.

In today's fast-paced and ultra-competitive high-tech environment, an effectively managed patent licensing program is a must. The Second Edition of Drafting Technology Patent License Agreements shows you how to achieve one. This valuable resource covers all of the legal and business transactional issues you are likely to encounter during the drafting and negotiation of patent licensing agreements. It guides you step-by-step through the unique aspects of the implementation of a patent licensing program for computers, electronics, telecommunications, and other industries, and it clarifies the issues involved in the enforcement and litigation of these patents. You'll find incisive legal analysis on complex issues including: How to implement an aggressive and well-managed patent licensing program How to evaluate a patent or portfolio for licensing How to identify industry segments and select potential licensees How to discuss terms with industry targets How to formulate an effective licensing strategy How to use databases effectively in patent practice How to organize a licensing team How to file a patent infringement lawsuit And many more critical issues like these. Included with this key resource are 40 time-saving forms on the bonus CD-ROM: Forms for establishing a new technology company using patented technology Confidentiality agreements (for a third-party vendor, third party evaluation, or

consultant) A projected royalty stream analysis A semiconductor technology cross-licensing agreement Software technology license agreements Model licensing and patent agreements for the telecommunications industry And many more!

In 2009, a bipartisan Knight Commission found that while the broadband age is enabling an info. and commun. renaissance, local communities in particular are being unevenly served with critical info. about local issues. Soon after the Knight Commission delivered its findings, the FCC initiated a working group to identify crosscurrent and trend, and make recommendations on how the info. needs of communities can be met in a broadband world. This report by the FCC Working Group on the Info. Needs of Communities addresses the rapidly changing media landscape in a broadband age. Contents: Media Landscape; The Policy and Regulatory Landscape; Recommendations. Charts and tables. This is a print on demand report.
