Web services and Service-Oriented Computing (SOC) have become thriving areas of academic research, joint university/industry research projects, and novel IT products on the market. SOC is the computing paradigm that uses Web services as building blocks for the engineering of composite, distributed applications out of the reusable application logic encapsulated by Web services. Web services could be considered the best-known and most standardized technology in use today

for distributed computing over the Internet. This book is the second installment of a two-book collection covering the state-of-the-art of both theoretical and practical aspects of Web services and SOC research and deployments. Advanced Web Services specifically focuses on advanced topics of Web services and SOC and covers topics including Web services transactions, security and trust, Web service management, real-world case studies, and novel perspectives and future directions. The editors present foundational topics in the first book of the collection, Web Services Foundations

Michel Foucault's History of Sexuality has been one of the most influential books of the last two decades. It has had an enormous impact on cultural studies and work across many disciplines on gender, sexuality, and the body. Bringing a new set of questions to this key work, Ann Laura Stoler examines volume one of History of Sexuality in an unexplored light. She asks why there has been such a muted engagement with this work among students of colonialism for whom issues of sexuality and power are so essential. Why is

Download File PDF Hp T770 Service Manual

the colonial context absent from Foucault's history of a European sexual discourse that for him defined the bourgeois self? In *Race and the Education of Desire*, Stoler challenges Foucault's tunnel vision of the West and his marginalization of empire. She also argues that this first volume of *History of Sexuality* contains a suggestive if not studied treatment of race. Drawing on Foucault's little-known 1976 *College de France* lectures, Stoler addresses his treatment of the relationship between biopower, bourgeois sexuality, and what he identified as "racisms of the state." In this

critical and historically grounded analysis based on cultural theory and her own extensive research in Dutch and French colonial archives, Stoler suggests how Foucault's insights have in the past constrained—and in the future may help shape—the ways we trace the genealogies of race. *Race and the Education of Desire* will revise current notions of the connections between European and colonial historiography and between the European bourgeois order and the colonial treatment of sexuality. Arguing that a history of European nineteenth-century sexuality must also be a history of race, it
