Well-written and well-researched by leading gender communication scholars Julia T. Wood and Natalie Fixmer-Oraiz, *GENDERED LIVES: COMMUNICATION, GENDER, & CULTURE*, 13th Edition, provides the latest theories, research and pragmatic information to help readers think critically about gender and society. The book demonstrates the multiple and often interactive ways a person's views of masculinity and femininity are shaped within contemporary culture. It offers balanced coverage of different sexes, genders and sexual orientations. Reflecting emerging trends and issues, the new edition includes expansive coverage of men's issues, an integrated emphasis on social media and a stronger focus on gender in the public sphere. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The second edition of *Sourcework*, designed to help students make use of outside sources, has been updated and enhanced to better guide writers through the challenges of their first academic research papers. With new university-level readings and updated activities, this flexible text helps students master the writing and critical thinking skills necessary to produce strong academic essays using supporting evidence.

Four WWII combatants travel to a distant and dangerous future in this novel by “two of the most revered names from [science fiction’s] Golden Age” (SFReviews.net). During World War II, four bitter enemies

are pulled forward a billion years in time by a master being from an alien galaxy. They arrive on a dying Earth—to Carcasilla, Earth’s last citadel—where the mutated remnants of humanity are making their final stand against the monstrous creations of a fading world. Thrust in the middle of this desperate struggle for survival, the last humans must put aside their differences and stop the looming Armageddon. Praise for Henry Kuttner “One of the all-time major names in science fiction.” —The New York Times “A neglected master.” —Ray Bradbury, author of Fahrenheit 451 “Kuttner is magic.” —Joe R. Lansdale, author of The Thicket

In this book I give you my honest views on the good and dark sides of Windows 11. There are more features, issues, hacks and tricks hiding in Windows 11 than most people will ever know. I unveiled some of them in this book. I've been a Windows user for over 20 years, and after further exploring two early builds of Windows 11, at first I had to admit that it looks rather nice, and is better than Windows 10. But I soon discovered there's a lot more than meets the eye. So I strongly advise you read this book first to help you decide if you should install or upgrade your OS to Windows 11. These are some of what you'll learn in this book: The new features and major changes since the Windows 11 insider preview was released. Why Microsoft's system health-check application, and the hardware constraints they plan to include in Windows 11 are shameful, and how they can affect your system and you. Why I suspect the rollout of Windows 11 will be relatively slow, and why it will take quite a long time before lots of people start using it. Apps experiencing troubles with Windows 11 and why Microsoft is unable to find a fix. 8 Windows 11 troubles Microsoft is currently investigating The Microsoft's policy and how it will affect Windows 11 users when Windows 10 support ends on October 14th, 2025. How to quickly and reliably check if your system can run Windows 11. Two methods to install Windows 11 step by step (for Windows and Linux-based systems with backup and restore options for programs and files). A work around to install Windows 11 on non-supported hardware. How to dual boot your PC with Windows 11 and 10 step by step. And so much more...

DIVAn anthology that explores film works by the "urban generation,"--filmmakers who operate outside of "mainstream" (officially sanctioned) Chinese cinema -- whose impact has been enormous./div

The Lenovo Way to Profitability and Growth In 2005, the Chinese corporation Lenovo acquired what was seen as a sacred American icon--IBM's personal computer business. It has since grown to become the world’s biggest PC company and is now rapidly growing in the global mobile space. The Lenovo Way reveals practical methods for managing a truly diverse workforce operating around the world, drawn from both China and the United States. Gina Qiao is Senior Vice President of HR at Lenovo. Yolanda Conyers is Vice President of HR Operations and Chief Diversity Officer at Lenovo.

"Anyone who has ever seen the hit TV show Blue Bloods knows that the family dinner is the centerpiece of every episode. And there are really only three things that Blue Bloods-and everyone else-need to make a successful family dinner: family, love and food. Bring the first two to the table and The Blue Bloods Cookbook will provide the third! Bridget Moynahan, the show's star, invites you to partake in that sacred family ritual, offering food lovers more than 100 delectable recipes and bringing you Irish/Italian comfort food that will make you feel right at home,"--Amazon.com.

Here is a story about a brave football... However, all the pictures are gone. None on the cover, and none here on the back. Except my picture... but who really wants to know what the author looks like? Can you figure out why the pictures are gone?
