"Mrs. Astor Regrets--The Trial" During the summer of 2006, as I began researching Mrs. Astor Regrets, I thought that I was in the midst of a deeply textured family saga about society, money, and betrayal. What I could not have imagined was that just three years later I would have a regular seat on a wooden bench in a shabby New York courtroom as Tony Marshall--Brooke Astor's 85-year-old patrician son--stood trial on charges of looting his mother's \$185 million estate while she was still alive.

"Kiernan's sharp-eyed biography brings back a woman who, far into her 90s, relished the dance of life." —O, The Oprah Magazine This biography, based on firsthand knowledge and interviews with Mrs. Astor's friends and the heads of New York's great cultural institutions, gives us back the woman so loved and admired. At the age of 51, Brooke Astor wedded the notoriously ill-tempered Vincent Astor, who died in 1959. In a highly publicized courtroom battle, she fought off an attempt to break Vincent's will, which left \$67 million to the Vincent Astor Foundation. As the foundation's president, Mrs. Astor would use this legacy to benefit New York City. She would personally visit every grant applicant and charm anyone she

met. At her hundredth birthday, princes and presidents honored her, but in 2006 a grandson petitioned the courts to have his father removed as Brooke's guardian. Once again an Astor court battle became the stuff of headlines.

Born in 1906, Huguette Clark grew up in her family's 121-room Beaux Arts mansion in New York and was one of the leading celebrities of her day. Her father William Andrews Clark, was a copper magnate, the second richest man in America, and not above bribing his way into the Senate. Huguette attended the coronation of King George V. And at twenty-two with a personal fortune of \$50 million to her name, she

Maryl Gordon married a Princeton man and childhood friend William MacDonald Gower. Two-years later the couple divorced. After a series of failed romances, Huguette began to withdraw from society--first living with her mother in a kind of Grey Gardens isolation then as a modern-day Miss Havisham, spending her days in a vast apartment overlooking Central Park, eating crackers and watching The Flintstones with only servants for company. All her money and all her real estate could not protect her in her later life from being manipulated by shady hangers-on and hospitals that were only too happy to admit (and bill) a healthy woman. But what happened to Huguette that turned a vivacious, young socialite into a recluse? And what

Benedict, this riveting novel takes you inside the scandalous courtship and catastrophic honeymoon aboard the Titanic of the most famous couple of their time—John Jacob Astor and Madeleine Force. Told in rich detail, this novel of sweeping historical fiction will stay with readers long after turning the last page.

Madeleine Talmage Force is just seventeen when she attracts the attention of John Jacob “Jack” Astor.

Madeleine is beautiful, intelligent, and solidly upper-class, but the Astors are in a league apart. Jack’s mother was the Mrs. Astor, American royalty and New York’s most formidable socialite. Jack is dashing and industrious—a hero of the Spanish-American war, an inventor, and a canny businessman. Despite their

On their extended honeymoon in Egypt, the newlyweds finally find a measure of peace from photographers and journalists. Madeleine feels truly alive for the first time—and is happily pregnant. The couple plans to return home in the spring of 1912, aboard an opulent new ocean liner. When the ship hits an iceberg close to midnight on April 14th, there is no immediate panic. The swift, state-of-the-art RMS Titanic seems unsinkable. As Jack helps Madeleine into a lifeboat, he assures her that he'll see her soon in New York... This is a story of money, glamour, and scandal (on the highest level); a story of American society and of European royalty; a story of family strife exploding into one of the most dramatic and publicized court battles of the century—the battle for a solemn ten-year-old child, “little Gloria” Vanderbilt, who in 1934 was the object of the epic custody suit between her mother, the beautiful and penniless Vanderbilt widow, and her aunt, the famous Gertrude Vanderbilt Whitney, whose \$78 million could buy her anything she wanted. And what she wanted was “little Gloria.”

The leading characters: Gloria Morgan, who was one of the fabled Morgan Twins (invented by society reporter "Cholly" Knickerbocker as the quintessential Café Society beauties) and who, as a shy, stammering eighteen-year-old, living on nothing a year, did what she was raised to do, becoming the wife of . . . Reggie Vanderbilt, at forty-three a worn-out alcoholic who had managed to go through almost \$25 million in fourteen years and who died only two years after his marriage to Gloria, leaving his beautiful young widow nothing but their baby, their baby's untouchable trust fund, and the Vanderbilt name . . . Gloria Morgan's twin, Thelma, who, as Lady Furness, was for years the mistress of the Prince of Wales (until she introduced

Gertrude Vanderbilt Whitney, Reginald's sister, a formidable Society woman, a sculptor and the founder of the Whitney Museum of American Art, a woman who conformed—on the surface—to everything expected of American royalty and yet lived a hidden second life as a passionate bohemian . . . And the child—little Gloria herself—shunted out of her mother's life, carted around Europe, depending for her existence on her neurotically overprotective nurse, Dodo, who never left her for a single day, and her mad Morgan grandmother, who insisted that her own daughter might murder the child for the Vanderbilt millions. Deserted, "dressed in rags," neglected, she became

an almost mythic incarnation of “the poor little rich girl.” This child, who was to grow up to become a world-famous fashion designer, her name—Gloria Vanderbilt—a household word. We come to understand and care about this child as we observe, close up, the astonishing lives and intrigues surrounding her. We see her at the age of ten brought to the courthouse, rushed through mobs of spectators, reporters, photographers. We follow a courtroom drama of sensation after sensation, the judge ultimately banning both public and press, the final scandalous testimony reaching to the heart of the English royal family. We listen to the parade of witnesses—servants, millionaires, society celebrities,

aristocrats, family retainers. We watch the judge himself—a classic Tammany pol—becoming another of the many victims of the case, reviled on all sides. And finally we see little Gloria pushed to choose between her mother and her aunt, making the decision that will affect her whole life—with nobody ever asking her the basic question, “Why are you afraid?” For the first time, the thousands of pages of documents and sealed court testimony have been unearthed and explored. Hundreds of people have been interviewed. And a writer completely knowing about society and the period has used all this material to create a compelling narrative of vitality, resonance, and fascination. What do an undocumented immigrant in the South Bronx, a high-net-worth entrepreneur, and a twentysomething graduate student have in common? All three are victims of our dysfunctional mainstream bank and credit system. Nearly half of all Americans live from paycheck to paycheck, and income volatility has doubled over the past thirty years. Banks, with their high monthly fees and overdraft charges, are gouging their lower- and middle-income customers while serving only the wealthiest Americans. Lisa Servon delivers a stunning indictment of America's banks, together with eye-opening dispatches from inside a range of banking alternatives that have sprung up to fill the void. She works as a teller at

RiteCheck, a check-cashing business in the South Bronx, and as a payday lender in Oakland. She looks closely at the workings of a tanda, an informal lending club. And she delivers engaging, hopeful portraits of the entrepreneurs reacting to the unbanking of America by designing systems to creatively serve those outside the one percent. "Valuable evidence on the fragility of the personal economies of most Americans these days."—Kirkus Reviews "An intelligent plea for financial justice...[An] excellent book."—The Christian Science Monitor

four young children, and Drew, a Maine state trooper, would soon begin training to become a minister as well. Then early one morning Drew left for work and everything changed. On the very roads that he protected every day, an oncoming driver lost control, and Kate lost her husband. Stunned and grieving, Kate decided to continue her husband's dream and became a minister herself. And in that capacity she found a most unusual mission: serving as the minister on search and rescue missions in the Maine woods, giving comfort to people whose loved ones are missing, and to the wardens who sometimes have to deal with awful outcomes. Whether she is with the parents of a 6-year-old girl who had wandered into

the woods, with wardens as they search for a snowmobile rider trapped under the ice, or assisting a man whose sister left an infant seat and a suicide note in her car by the side of the road, Braestrup provides solace, understanding, and spiritual guidance when it's needed most. Here if You Need Me is the story of Kate Braestrup's remarkable journey from grief to faith to happiness. It is dramatic, funny, deeply moving, and simply unforgettable, an uplifting account about finding God through helping others, and the tale of the small miracles that occur every day when life and love are restored.
