Penelope Fitzgerald (1916-2000) was a great English writer, who would never have described herself in such grand terms. Her novels were short, spare masterpieces, self-concealing, oblique and subtle. She won the Booker Prize for her novel *Offshore* in 1979, and her last work, *The Blue Flower*, was acclaimed as a work of genius. The early novels drew on her own experiences - a boat on the Thames in the 1960s; the BBC in war time; a failing bookshop in Suffolk; an

most coveted awards in literature—the Booker Prize and the National Book Critics Circle Award. Now, in an impeccable match of talent between biographer and subject, Hermione Lee, a master biographer and one of Fitzgerald's greatest champions, gives us this remarkable writer's story. Lee's critical expertise is on dazzling display on every page, as it illuminates this extraordinary English life. Fitzgerald, born into an accomplished intellectual family, the granddaughter of two bishops, led a life marked by dramatic twists of fate, moving from a bishop's palace to a sinking houseboat to a last, late blaze of renown. We see Fitzgerald's very English childhood in the village of Hampstead; her Oxford years, when she was known as the "blonde bombshell"; her impoverished adulthood as a struggling wife, mother and schoolteacher, raising a family in difficult circumstances; and the long-delayed start to her literary career. Fitzgerald's early novels draw on her own experiences—working at the BBC in wartime, at a bookshop in Suffolk, at an eccentric stage school in the 1960s—while her later books open out into historical worlds that she, magically, seems to entirely possess: Russia before the Revolution, postwar Italy, Germany in the time of the Romantic writer Novalis. Fitzgerald's novels are short, spare masterpieces, and Hermione Lee unfurls them here as works of genius. Expertly researched, written out of love and admiration for this wonderful author's work, Penelope

Fitzgerald is literary biography at its finest—an unforgettable story of lateness, persistence and survival.

Intimate, perceptive, critically acute, funny and moving, this is the first full biography of one of the finest English novelists of the last century. Penelope Fitzgerald (1916–2000) was a great English writer, who would never have described herself in such grand terms. Her novels were short, spare masterpieces, self-concealing, oblique and subtle. She won the Booker Prize for her novel *Offshore* in 1979, and her last work, *The Blue Flower*, was acclaimed as a work of genius. The early novels drew on her own experiences -- a boat on the Thames in the 1960s; the BBC in war time; a failing bookshop in Suffolk; an eccentric stage-school. The later ones opened out to encompass historical worlds which, magically, she seemed to possess entirely: Russia before the Revolution; post-war Italy; Germany in the time of the Romantic writer Novalis. Fitzgerald's life is as various and as cryptic as her fiction. It spans most of the twentieth century, and moves from a Bishop's Palace to a sinking barge, from a demanding intellectual family to hardship and poverty, from a life of teaching and obscurity to a blaze of renown. She was first published at sixty and became famous at eighty. This is a story of lateness, patience and persistence: a private form of heroism. Loved and admired, and

increasingly recognised as one of the outstanding novelists of her time, she remains, also, mysterious and intriguing. She liked to mislead people with a good imitation of an absent-minded old lady, but under that scatty front were a steel-sharp brain and an imagination of wonderful reach. This brilliant account -- by a biographer whom Fitzgerald herself admired -- pursues her life, her writing, and her secret self, with fascinated interest.

journalism, and fiction. His most acclaimed creations--Rosencrantz and Guildenstern are Dead, The Real Thing, Arcadia, The Coast of Utopia, Shakespeare in Love--remain as fresh and moving as when they entranced their first audiences. Born in Czechoslovakia, Stoppard escaped the Nazis with his mother and spent his early years in Singapore and India before arriving in England at age eight. Skipping university, he embarked on a brilliant career, becoming close friends over the years with an astonishing array of writers, actors, directors, musicians, and political figures, from Peter O'Toole, Harold Pinter, and Stephen Spielberg to Mick Jagger and Václav Havel. Having long described himself as a "bounced Czech," Stoppard only learned late in life of his mother's Jewish family and of the relatives he lost to the Holocaust. Lee's absorbing biography seamlessly weaves Stoppard's life and work together into a vivid, insightful, and always riveting portrait of a remarkable man.

Man Booker Prize Finalist: This “marvelous novel” about an abandoned husband, set in Moscow a century ago, is “bristling with wry comedy” (Newsday). March 1913. Moscow is stirring herself to meet the beginning of spring. English painter Frank Reid returns from work one night to find that his wife has gone away; no one knows where or why, or whether she’ll ever come back. All Frank knows for sure is that he is now alone and must find someone to care for his three young children. Into Frank’s life comes Lisa Ivanovna, a quiet, calming beauty from the country, untroubled to the point of seeming simple. But is she? And why has Frank’s bookkeeper, Selwyn Crane, gone to such lengths to bring these two together? From a winner of the National

Book Critics Circle Award, this novel, with a new introduction by Andrew Miller, author of *Pure*, is filled with “writing so precise and lilting it can make you shiver” (Los Angeles Times). “Fitzgerald was the author of several slim, perfect novels. *The Blue Flower* and *The Beginning of Spring* both had me abuzz for days the first time I read them. She was curiously perfect.” —Teju Cole, author of *Open City*

From Hermione Lee, the internationally acclaimed, award-winning biographer of Virginia Woolf and Willa Cather, comes a superb reexamination of one of the most famous American women of letters. Delving into heretofore untapped sources, Lee does away with the image of the snobbish bluestocking and gives us a new Edith Wharton—tough, startlingly modern, as brilliant and complex as her fiction. Born into a wealthy family, Wharton left America as an adult and eventually chose to create a life in France. Her renowned novels and stories have become classics of American literature, but as Lee shows, Wharton's own life, filled with success and scandal, was as intriguing as those of her heroines. Bridging two centuries and two very different sensibilities, Wharton here comes to life in the skillful hands of one of the great literary biographers of our time.
