Khetam Dahi captures the often-ignored voices and painful experiences of Syrian migrant children and families. In a simple yet honest and powerful prose, Dahi, through the eyes a child turning adolescent, narrates the everyday existence of immigrant and working-class families. Although the family faced extreme hardships and poverty, their love for each other and determination to succeed served as a catalyst to infuse them with optimism and a love for life. Her inspirational journey of breaking through despite all obstacles certainly lets readers vicariously experience her joy and sorrow, regrets and hopes. Dahi's artfully weaved narratives provide young adult learners an opportunity to become personally enmeshed in her stories, but most importantly, it creates a space where students can feel free to relate, relive, and learn. The simple language makes this book an excellent choice for reluctant readers and ESL students, especially because the author includes many exercises to give students the opportunity to share their own experiences and identify with the characters in her stories.

"HELP! My Students Can't Write!" Why You Need a Writing Revolution in Your Classroom and How to Lead It. The Writing Revolution (TWR) provides a clear method of instruction that you can use no matter what subject or grade level you teach. The model, also known as The Hochman Method, has demonstrated, over and over, that it can turn weak writers into strong communicators by focusing on specific techniques that match their needs and by providing them with targeted feedback. Insurmountable as the challenges faced by many students may seem, TWR can make a dramatic difference. And the method does more than improve writing skills. It also helps: Boost reading comprehension Improve organizational and study skills Enhance speaking abilities Develop analytical capabilities TWR is as much a method of teaching content as it is a method of teaching writing. There's no separate writing block and no separate writing curriculum. Instead, teachers of all subjects adapt the TWR strategies and activities to their current curriculum and weave them into their content instruction. But perhaps what's most revolutionary about the TWR method is that it takes the mystery out of learning to write well. It breaks the writing process down into manageable chunks and then has students practice the chunks they need, repeatedly, while also learning content.

A luminous, powerful novel that establishes Rachel Cusk as one of the finest writers in the English language A man and a woman are seated next to each other on a plane. They get to talking about their destination, their careers, their families. Grievances are aired, family tragedies discussed, marriages and divorces analyzed. An intimacy is established as two strangers contrast their own fictions about their lives. Rachel Cusk's *Outline* is a novel in ten conversations. Spare and stark, it follows a novelist teaching a course in creative writing during one oppressively hot summer in Athens. She leads her students in storytelling exercises. She meets other visiting writers for dinner and discourse. She goes swimming in the Ionian Sea with her neighbor from the plane. The people she encounters speak volubly about themselves: their fantasies, anxieties, pet theories, regrets, and longings. And through these disclosures, a portrait of the narrator is drawn by contrast, a portrait of a woman learning to face a great loss. *Outline* takes a hard look at the things that are hardest to speak about. It brilliantly captures conversations, investigates people's motivations for storytelling, and questions their ability to ever do so honestly or unselfishly. In doing so it bares the deepest impulses behind the craft of fiction writing. This is Rachel Cusk's finest work yet, and one of the most startling, brilliant, original novels of recent years.
