Suspension is probably the most misunderstood aspect of motorcycle performance. This book, by America's premier suspension specialist, makes the art and science of suspension tuning accessible to professional and backyard motorcycle mechanics alike. Based on Paul Thede's wildly popular Race Tech Suspension Seminars, this step-by-step guide shows anyone how to make their bike, or their kid's, handle like a pro's. Thede gives a clear account of the three forces of suspension that you must understand to make accurate assessments of your suspension's condition. He outlines testing procedures that will help you gauge how well you're improving your suspension, along with your riding. And, if you're inclined to perfect your bike's handling, he even explains the black art of chassis geometry. Finally, step-by-step photos of suspension disassembly and assembly help you rebuild your forks and shocks for optimum performance. The book even provides detailed troubleshooting guides for dirt, street, and supermoto--promising a solution to virtually any handling problem.

Haynes manuals are written specifically for the do-it-yourselfer, yet are complete enough to be used by professional mechanics. Since 1960 Haynes has produced manuals written from hands-on experience based on a vehicle teardown with hundreds of photos and illustrations, making Haynes the world leader in automotive repair information.

TRX350FE Fourtrax Rancher 4x4 ES (2000-2006), TRX350FM Fourtrax Rancher 4x4 (2000-2006), TRX350TE Fourtrax Rancher ES (2000-2006), TRX350TM Fourtrax Rancher (2000-2006)

"The Legend of Polaris" recounts the remarkable saga of the company that invented the snowmobile. After becoming the number one manufacturer of snowmobiles, Polaris went on to create the first automatic transmission ATV; a line of stable, reliable personal water craft; a sport-boat line; and Victory, the company's celebrated motorcycles.

The manual contains separate sections for vehicle service, engines, converters, track drive, track and suspension, and skis and steering.
