Signing naturally unit 3.5 - mystyduhelper.com

Signing Naturally Units 1-6. Signing Naturally Units 1-6 is the first part in a series of curricular materials for the instruction of American Sign Language (ASL) as a second language. The goal is to take students with little or no knowledge of ASL and Deaf Culture and provide them with the skills needed to communicate comfortably in a wide variety of situations in the Deaf community.

Reinforces and expands on vocabulary, grammar and language functions taught in the classroom.

Designed for use outside the classroom to reinforce and expand vocabulary, grammar and language functions taught in the classroom.

A practical guide to learning ASL that emphasizes key vocabulary, expressions, and language in context.

Videotext (DVDs in place of videotapes) and workbook designed to provide a way to review and practice what is learned in the classroom. Each of the units revolves around a major language function such as asking for and giving directions and talking about life events.

Focuses on using number signs in American Sign Language. Beyond counting, this book and DVD include handshapes for expressing numbers in quantities, time, money measurements, game scores, and more.

Every president has had a unique and complicated relationship with the intelligence community. While some have been coolly distant, even adversarial, others have found their intelligence agencies to be among the most valuable instruments of policy and power. Since John F. Kennedy's presidency, this relationship has been distilled into a personalized daily report: a short summary of what the intelligence apparatus considers the most crucial information for the president to know that day about global threats and opportunities. This top-secret document is known as the President's Daily Brief, or, within national security circles, simply "the Book." Presidents have spent anywhere from a few moments (Richard Nixon) to a healthy part of their day (George W. Bush) consumed by its contents; some (Bill Clinton and George H. W. Bush) consider it far and away the most important document they saw on a regular basis while commander in chief. The details of most PDBs are highly classified, and will remain so for many years. But the process by which the intelligence community develops and presents the Book is a fascinating look into the operation of power at the highest levels. David Priess, a former intelligence officer and daily briefer, has interviewed every living president and vice president as well as more than one hundred others intimately involved with the production and delivery of the president's book of secrets. He offers an unprecedented window into the decision making of every president from Kennedy to Obama, with many character-rich stories revealed here for the first time.

Sign language skills are acquired through a progressive series of exercises based on familiar gestures and facial expressions.

Divided into 16 instructional units, ASL at Work is designed to enable students to develop the skills and knowledge needed to communicate effectively with their Deaf co-workers, students, and clients in work and social settings. Each instructional unit in the Student Text has a Unit Overview with learning outcomes, a listing of vocabulary, full grammatical and language, culture and community explanations and a practice and review section with accompanying DVD which provides students with targeted outside of the classroom practice to develop expressive and receptive skills. The Student Text is beautifully illustrated throughout with clearly drawn sign grammatical and vocabulary illustrations. Each unit on the ASL at Work: Student DVD provides

a Sample Expressive Dialogue, Comprehension Dialogues and Narratives and demonstration of Expressive Practice Prompts to give students practice outside of the classroom with both receptive and expressive skills. CJ Jones, Deanna Bray, Rosa Lee Timm and other well known Deaf talent provide a variety of ASL models for students on the DVD. From the first lesson, ASL is "at work" for both the teacher who is teaching American Sign Language and the students who are learning ASL. - Publisher.
