A wryly funny and surprisingly moving account of an extraordinary life lived almost entirely in the public eye A teen idol at fifteen, an international icon and founder of the Brat Pack at twenty, and one of Hollywood's top stars to this day, Rob Lowe chronicles his experiences as a painfully misunderstood child actor in Ohio uprooted to the wild counterculture of mid-seventies Malibu, where he embarked on his unrelenting pursuit of a career in Hollywood. The Outsiders placed Lowe at the birth of the modern youth movement in the entertainment industry. During his time on The West Wing, he witnessed the surreal nexus of show business and politics both on the set and in the actual White House. And in between are deft and humorous stories of the wild excesses that marked the eighties, leading to his quest for family and sobriety. Never mean-spirited or salacious, Lowe delivers unexpected glimpses into his successes, disappointments, relationships, and one-of-a-kind encounters with people who shaped our world over the last twenty-five years. Rob Lowe's New York Times bestselling autobiography, *Stories I Only Tell My Friends*, shares tales that are as entertaining as they are unforgettable.

These stories are as entertaining as they are unforgettable.

On the heels of his New York Times bestselling *Stories I Only Tell My Friends*, Rob Lowe is back with an entertaining collection that "invites readers into his world with easy charm and disarming frankness" (Kirkus Reviews). After the incredible response to his acclaimed bestseller, *Stories I Only Tell My Friends*, Rob Lowe was convinced to mine his experiences for even more stories. The result is *Love Life*, a memoir about men and women, actors and producers, art and commerce, fathers and sons, movies and TV, addiction and recovery, sex and love. Among the adventures he describes in these pages are: · His visit, as a young man, to Hugh Hefner's Playboy Mansion, where the naive actor made a surprising discovery in the hot tub. · The time, as a boy growing up in Malibu, he discovered a vibrator belonging to his best friend's mother. · What it's like to be the star and producer of a flop TV show. · How an actor prepares, for Californification, Parks and Recreation, and numerous other roles. · His hilarious account of coaching a kid's basketball team dominated by helicopter parents. · How his great, great, great, great grandfather may have inspired everything from his love of The West Wing to his taste in classic American architecture. · His first visit to college, with his son, who is going to receive the education his father never got. · The time a major movie star stole his girlfriend. Linked by common themes and his philosophical perspective on love—and life—Lowe's writing "is loaded with showbiz anecdotes, self-deprecating tales, and has a general sweetness" (New York Post).

A scene taken straight from Rob Lowe's New York Times bestselling memoir, *Stories I Only Tell My Friends*, a wryly funny and surprisingly moving account of an extraordinary life lived almost entirely in the public eye. In *Socs and Greasers*, Lowe tells us what it was like to work on the set of *The Outsiders*, a film that helped launch the careers of many of today's biggest stars, including Tom Cruise, Patrick Swayze, Matt Dillon, Emilio Estevez, Ralph Macchio, C. Thomas Howell, and Rob Lowe himself.

"An intimate, close-up portrait of Hunter S. Thompson, fearless outlaw journalist, "avenging proxy for the American polity," whose manic first-person articles and exposés so interwoven with the getting of the story, gave rise to gonzo journalism (gonzagas-"fooled you"; bizarre). A portrait of the man: writer, brother, husband, manic searching soul who grew up with the times he inhabited, and in part created; a portrait most of all of the father: the alcoholic, drug fueled, charismatic, irresponsible, idealistic, sensitive man, by the son who lived through it all and thrived to tell the dangerous, complex, loving tale"--

From Ross Mathews, the nationally bestselling author of *Man Up!*, judge on *RuPaul's Drag Race*, and alum of *Chelsea Lately*, comes "a delightful mix of sweet and sour celebrity experiences" (Shelf Awareness) in this hilarious and irreverent collection of essays. Pretend it's happy hour and you and I are sitting at the bar. I look amazing and, I agree with you, much thinner in person. You look good, too. Maybe it's the candlelight, maybe it's the booze. Either way, let's just go with it. Keep this all between you and me, and do me a favor? Don't judge me if I name drop just a little. Television personality Ross Mathews likes telling stories. He was always outrageous and hilariously honest, even when the biggest celebrity he knew was his favorite lunch lady in the school cafeteria. Now that he has Hollywood experience—from interning behind the scenes at *The Tonight Show* with Jay Leno to judging *RuPaul's Drag Race*—he has a lot to talk about. In *Name Drop*, Ross dishes about being an unlikely insider in the alternate reality that is showbiz, like that time he was invited by Barbara Walters to host *The View*—only to learn his hero did not suffer fools; his Christmas with the Kardashians, which should be its own holiday special; and his news-making talk with Omarosa on *Celebrity Big Brother*, which, as it turns out, was just the tip of the iceberg. Holding nothing back, Ross shares the most treasured and surprising moments in his celebrity-filled career, and proves that while exposure may have made him a little bit famous, he is still as much a fanboy as ever. Filled with "charmingly told" (Booklist) tales ranging from the horrifying to the hilarious—and with just the right "Rossipes" and cocktails to go along with them—*Name Drop* is every pop culture lover's dream come true.

"I will forever cherish the life lessons I learned from Mr. Mitchell. I learned about love, about tragedy, about overcoming setbacks and I learned about myself." Shannon Suess "I may not remember all the poems we read in AP class, but I will remember the man who taught me a lifelong love for poetry." Edward M. Shine "The questions you ask are spiritual, they're real, they manifest themselves in peculiar ways that we may only glimpse once, but ponder for decades." Andrew Steel "I read the full book in only one day! These stories inspire me to do so much. I can't thank you enough." Anthony Fertitta "I love all these stories so much, and their meanings are poignant and relatable." Brendan Thomas Photos by Cooper Vacheron

Rob Lowe offers up a collection of personal stories in an honest and celebratory memoir about men and women, art and commerce, fathers and sons, addiction and recovery, and sex and love.

In this intimate, haunting literary memoir and New York Times Notable Book of the year, an American icon tells her own story for the first time -- about a challenging and lonely childhood, the craft that helped her find her voice, and a powerful emotional legacy that shaped her journey as a daughter and a mother. One of the most celebrated, beloved, and enduring actors of our time, Sally Field has an infectious charm that has captivated the nation for more than five decades, beginning with her first TV role at the age of seventeen. From *Gidget*'s sweet-faced "girl next door" to the dazzling complexity of *Sybil* to the Academy Award-worthy ferocity and depth of *Norma Rae* and *Mary Todd Lincoln*, Field has stunned audiences time and time again with her artistic range and emotional acuity. Yet there is one character who always remained hidden: the shy and anxious little girl within. With raw honesty and the fresh, pitch-perfect prose of a natural-born writer, and with all the humility and authenticity her fans have come to expect, Field brings readers behind-the-scenes for not only the highs and lows of her star-studded early career in Hollywood, but deep into the truth of her lifelong relationships--including her complicated love for her own mother. Powerful and unforgettable, *In Pieces* is an inspiring and important account of life as a woman in the second half of the twentieth century.
