Recounts the stories of the music world's most notable recording studios and of history-making records that were made at each, from the John Coltrane sessions in Rudy Van Gelder's living room to Frank Sinatra's recordings at Capital Records.

Our printed Teacher's Guides provide you with complete support to plan and deliver lessons and include a Scheme of Work.

The bestselling author of No Logo shows how the global "free market" has exploited crises and shock for three decades, from Chile to Iraq In her groundbreaking reporting over the past few years, Naomi Klein introduced the term "disaster capitalism." Whether covering Baghdad after the U.S. occupation, Sri Lanka in the wake of the tsunami, or New Orleans post-Katrina, she witnessed something remarkably similar. People still reeling from catastrophe were being hit again, this time with economic "shock treatment," losing their land and homes to rapid-fire corporate makeovers. The Shock Doctrine retells the story of the most dominant ideology of our time, Milton Friedman's free market economic revolution. In contrast to the popular myth of this movement's peaceful global victory, Klein shows how it has exploited moments of shock and extreme violence in order to implement its economic policies in so many parts of the world from Latin America and Eastern Europe to South Africa, Russia, and Iraq. At the core of disaster capitalism is the use of cataclysmic events to advance radical privatization combined with the privatization of the disaster response itself. Klein argues that by capitalizing on crises, created by nature or war, the disaster capitalism complex now exists as a booming new economy, and is the violent culmination of a radical economic project that has been incubating for fifty years.

A New York Times Bestseller Foreword by Stephen J. Dubner, coauthor of Freakonomics When first-year graduate student Sudhir Venkatesh walked into an abandoned building in one of Chicago ' s most notorious housing projects, he hoped to find a few people willing to take a multiple-choice survey on urban poverty--and impress his professors with his boldness. He never imagined that as a result of this assignment he would befriend a gang leader named JT and spend the better part of a decade embedded inside the projects under JT ' s protection. From a privileged position of unprecedented access, Venkatesh observed JT and the rest of his gang as they operated their crack-selling business, made peace with their neighbors, evaded the law, and rose up or fell within the ranks of the gang ' s complex hierarchical structure. Examining the morally ambiguous, highly intricate, and often corrupt struggle to survive in an urban war zone, Gang Leader for a Day also tells the story of the complicated friendship that develops between Venkatesh and JT--two young and ambitious men a universe apart. "Riveting."—The New York Times "Compelling... dramatic... Venkatesh gives readers a window into a way of life that few Americans understand."—Newsweek "An eye-opening account into an underserved city within the city."—Chicago Tribune "The achievement of Gang Leader for a Day is to give the dry statistics a raw, beating heart."—The Boston Globe "A rich portrait of the urban poor, drawn not from statistics but from viivd tales of their lives and his, and how they intertwined."—The Economist "A sensative, sympathetic, unpatronizing portrayal of lives that are usually ignored or lumped into ill-defined stereotype."—Finanical Times Sudhir Venkatesh ' s latest book Floating City: A Rogue Sociologist Lost and Found in New York ' s Underground Economy—a memoir of sociological investigation revealing the true face of America ' s most diverse city—is also published by Penguin Press.

The new edition of the leading textbook for English applied phonetics and phonology A leading textbook for English Phonetics and Phonology, the fourth edition of Applied English Phonology is an accessible, authoritative introduction to the English sound system. Providing clear explanations and numerous illustrative examples, this new edition has been fully updated with the latest research and references. Detailed discussions of fundamental concepts of applied English phonology cover phonetic elements, phonemics, English consonants and vowels, stress and intonation, structural factors in second language phonology, and much more. Designed for students and professionals in both theoretical and applied linguistics, education, and communication sciences and disorders, this textbook contains new material throughout, including a new chapter introducing typical phonological development, patterns of simplification, and disordered phonology. Expanded sections explore topics such as contracted forms, issues in consonant and vowel transcription conventions, and regional dialects of American English. The essential introduction to phonetics and phonology, this textbook: Presents new and revised exercises, references, and recommended readings Covers developmental disorders relevant to the field of speech pathology Includes end-of-chapter passages that help students check their phonetic transcriptions Features an enhanced companion website which contains instructor resources and sound files for transcription exercises Written by an internationally recognized scholar and educator, Applied English Phonology, Fourth Edition is essential reading for anyone in applied phonetics and phonology courses, as well as students and practitioners in areas of language and linguistics, TESOL, and communication sciences and disorders.

Assesses the impact of the enormous carnage of the Civil War on every aspect of American life from a material, political, intellectual, cultural, social, and spiritual perspective.

In this " highly entertaining snapshot of a wild-frontier moment in pop culture " (Rolling Stone), discover the wild and explosive true story of the early years of MTV directly from the original VJs. Nina Blackwood, Mark Goodman, Alan Hunter, and Martha Quinn (along with the late J. J. Jackson) had front-row seats to a cultural revolution—and the hijinks of pop music icons like Adam Ant, Cyndi Lauper, Madonna, and Duran Duran—as the first VJs on the fledgling network MTV. From partying with David Lee Roth to flying on Bob Dylan ' s private jet, they were on a breakneck journey through a music revolution. Boing beyond the compelling behind the scenes tales of this unforgettable era, VJ is also a coming-of-age story about the 1980s, its excesses, controversies, and everything in between. " At last—the real inside story of the MTV explosion that rocked the world, in all its giddy excess, from the video pioneers who saw all the hair, drugs and guitars up close. VJ is the wild, hilarious, addictive tale of how one crazy moment changed pop culture forever " (Rob Sheffield, New York Times bestselling author).
