An extinct language is a language that no longer has any speakers, especially if the language has no living descendants. In contrast, a dead language is "one that is no longer the native language of any community", even if it is still in use, like Latin. Languages that currently have living native speakers are sometimes called modern languages to contrast them with dead languages, especially in educational contexts. In the modern period, languages have typically become extinct as a result of the

Extinct language - Wikipedia

"The Lost and Languages of Shanghai" is a hauntingly beautiful tale through which author Ruiyan Xu explores the subtle nuances of language and the role it plays in culture, identity, and relationships. When an accident severs Li Jing from his ability to speak Chinese, he is forced to communicate only in his nearly forgotten childhood English.
